

dwp | remote - Management Announcement

Dear dwp Thailand team

dwp Thailand Studio has decided to implement dwp|remote working for ALL staff effective as of close of business March 23, 2020. While the government has not yet demanded office closures, dwp management has taken this decision in the interests of the health and safety of our staff.

The information you will need for remote working is as follows:

dwp|news feed:

<https://sites.google.com/dwp.com/dwphome/remote>

dwp|remote work policy (Thailand):

[dwplremote work policy \(Thailand\)](#)

dwplremote good work practices:

[dwplremote good work practices](#)

By following our policy, we will continue to work together as one dwp team and achieve our deliverable programmes to meet our obligations to our clients. At the same time we will be able to ensure the health and safety of our team members and their families.

All staff that have not yet collected their dwp PC Workstation or Laptop are asked to come to the office tomorrow morning, Monday 23 March, at 08.30 am to take their computer. Before collecting your dwp computer please complete this form:

In the event you have any difficulty setting up your computer remotely or if you need help please use dwp|IT ZenDesk for all IT queries.

As we move to dwp|remote, regular communication is essential for us to make a success of the new working reality. Please follow dwp|remote work policy and check-in each morning, establish your tasks for the day and check out again in the evening all via your Sector Hangouts Chat Group.

Thank you all for your cooperation and determination to make this work well. By working together online, maintaining communication and taking personal responsibility for our own work, I am fully confident that we will overcome the present challenges.

Robert Troup
Managing Director
