Message from the head of school

We welcome you to KIS International School and thank you for considering us for your child's school experience. Throughout our history, a sense of place and a sense of balance have been hallmarks for the school. The facilities, academic and extracurricular program and outstanding teachers have been instrumental in nurturing the school as a warm, friendly, and supportive place for not only our students but for our community as well.

The programmes of the International Baccalaureate (IB) organization frame our curricular model. The programmes focus on the holistic development of each child and the academic component is strong, world-renowned, and externally-moderated. We are proud to be only one of three schools offering a full continuum of IB programmes to our students.

We hope you will be able to visit us soon and see for yourself all that we have to offer your child and your family.

Mr. Paul Johnson
Head of School
